

MATERIAL DESCRIPTION

Coala Macadam is a self-adhesive 120µm white highly textured PU/Aluminium material designed for short - to medium-term exterior applications. Non-slip ratings in both wet and dry environments allow you to safely create high visual impact graphics in a wide variety of exterior environments from pool decks to parade routes. No lamination required. Highly conformable.

PRINTER & INK COMPATIBILITY

FILM THICKNESS

120
µ

FEATURES

- Face film: white textured PU coated with soft aluminium
- Adhesive: 80µm clear permanent acrylic solvent
- Release liner: 150g paper

DURABILITY

- 3 to 6 months dependent upon mechanical use of the surface to which applied.

APPLICATIONS

- Shop entries, pedestrian areas & stairways
- Bus, tramway or metro stations, airports
- Sport events: Motor sport events, marathons
- Car, motorbike & general vehicle resellers
- Museums, meetings and other cultural events
- Petrol stations
- Car parks - indoor and outdoor including driveways
- Signalisations and road markings

BENEFITS

- Easy to apply and remove
- Suitable for rough surfaces
- No lamination required.
- Highly conformable — no need for a heat gun during application for a painted-on appearance.
- PVC Free
- Fully recyclable. Used material and production waste can be handled as “aluminum waste”.
- Slip resistant - R13 certified
- Fire resistant M1

SHELF LIFE STORAGE AND CONDITIONS

- Shelf life is 12 months.
- Storage conditions: +15°C to +24°C and relative humidity between 40% and 65%

The following technical details are issued to the best of our knowledge, however, without any responsibility for results due to several different kinds of material and application processes. Therefore, we highly recommend that before every usage a test should be conducted on the original material. Antalis cannot be responsible for any damage to the printer caused by printing our media.
